REFERENCE: The Excellent Service Morrow Environmental Receives from Print Three

Today I received my February 2005 *Digital Expressions* newsletter produced by Print Three. I must commend you on what an excellent newsletter this is. It has helpful and “useable” tips in it and in every issue I learn something new. A lot of this type of mail crosses my desk each day and it is refreshing to read something so professionally produced. Thank you for providing this to your customers.

I also want to thank you for the on-going excellent and prompt service Morrow has been receiving from you and your staff. Please pass on my thanks to your team.

Wishing you continued success in the coming year.

Yours truly,

Theresa A. Shaver, ATM-S, CL
